# VAIBHAV CHAUHAN

## FULL STACK DEVELOPER

## CONTACT

- 7078399463
- vaibhavchauhan658@gmail.com
- Portfolio
- Linkden
- Github

## SKILLS

**Programming Language**
- JavaScript

**Web Developement**
- React
- Node.js
- Express
- MongoDB
- Gemini Ai-Integration

**TOOLS/PLATFORMS**
- Git
- Github
- Postman
- VsCode

## Experience

### Full Stack Developer Intern
**VBSB Associates | May 2025 – Present**

- Independently developed a full-fledged Task Management System using the MERN stack for internal company use.
- Built features like project & milestone tracking, staff dashboards, real-time alerts, and a reward system.
- Created secure REST APIs with JWT auth and implemented role-based access control.
- Integrated email notifications and designed a responsive UI using React, TailwindCSS, and custom forms.
- Also built a separate product website for one of the company's internal tools.

## PROFILE

Full-Stack Developer skilled in MERN stack with a passion for building impactful, scalable web applications. Dedicated to writing clean, efficient code and constantly expanding my technical skill set to solve real-world challenges.

## PROJECTS

### Learning Management System    Github

- Built a full stack LMS with user authentication via Clerk, media storage using Cloudinary and Multer, Stripe for payments. Users can purchase and watch courses, while educators can upload content and view student analytics through a particular dashboard

### AI BG-Remover    Github

- Built a web app using the MERN stack with Clerk authentication that lets users upload images, remove backgrounds via an AI API, and purchase subscriptions through Razorpay, with a smooth UI and secure, efficient workflows.

## ACTIVITY

**IDEA Hackathon 2025**

- Built a virtual study group platform enabling students to study together and clear doubts live, promoting collaborative learning in real- time.

## CERTIFICATIONS    Certificate

**Sheryians coding school**    2025

**Mern Stack Devlopement  (Offline Bootcamp)**

- Completed an intensive bootcamp covering MERN stack development, along with training in coding best practices, communication skills, and teamwork to build real-world projects.

## EDUCATION

**Bachlor's of computer science**    2024- 2027
Chattrapati sahuji maharaj iniversity, Kanpur    **(Distance learning)**

## Coding Mentor

**Sheryians Coding School | Nov 2024 – Mar 2025**

- Mentored 50+ students in JavaScript, Node.js, MongoDB, and React with real-world project guidance.
- Assisted learners in building frontend and backend logic, resolving bugs, and understanding deployment basics.
- Encouraged clean code practices and helped beginners move from tutorials to production-ready thinking.
